INTRODUCTION

The purpose of this guide is to provide a statement of philosophy on interscholastic athletics for Saint Paul Lutheran High and an operating code for the Athletic Director with the respective coaches who work throughout the program.

It is the philosophy of Saint Paul that a quality interscholastic program should be conducted as an integral part of the learning program. We use every situation and opportunity in our lives, as well as in the lives of our student athletes, for His purpose as we are commanded in Col. 3:23, "Do everything as unto the Lord." As many sports as possible will be offered at as many different skill levels as personnel. (adult and student) and facilities will permit. Students are encouraged to participate in the areas that interest them.

Saint Paul maintains membership in the Missouri State High School Activities Association and the I-70 Conference. Athletic competition is governed by the rules and regulations for these organizations excepting that local rules of a more restrictive nature may be adopted.

PHYSICAL EXAMINATIONS

All students who participate in the interscholastic athletic program at Saint Paul must have a physical examination by a physician or doctor of chiropractic of their choice. In addition, the physician, the parent(s) or guardian(s), and the athlete must sign the form in the appropriate spaces. All student athletes must have completed forms on file in the school office before they may practice or play. Coaches are to see that athletes do not practice or play until this form is on file.

A team member is not allowed to practice or compete on a day (or any part of the day) when that member is unable to attend school. Exceptions must be approved by the athletic director after consultation with the principal. Students who are absent from practice for one week or longer for medical reasons, must have written permission from a physician prior to returning to practice. Such permission should be on file in the school office.

INSURANCE

A student who is participating in any sport should be covered by some basic insurance, a copy of which will be on file in the school office. Saint Paul insurance is the primary carrier up to \$100. If the amount is more than \$100, the student's insurance is filed with Saint Paul insurance being the secondary carrier. * In some cases the full amount charged may not be eligible.

DEFINITION OF ELIGIBILITY

Interscholastic activities are offered at Saint Paul as an integral part of the curriculum. Interscholastic activities are governed by the Missouri State High School Activities Association, the I-70 Conference, and the rules and regulations of Saint Paul Lutheran High. The official Handbook of the Missouri State High School Activities Association states that, "to be eligible to participate in school activities is a privilege-not an inherent right." This particular privilege is granted if you meet the eligibility standards as set forth by the MSHSAA and Saint Paul. According to the MSHSAA eligibility standards, participants must be good citizens in their school and community as approved by the executive director/principal. More specifically, any student who represents his/her school in interscholastic activities must be a creditable citizen and be judged so by the proper school authority. Students whose character or conduct is such to reflect discredit upon themselves or their school are not considered creditable citizens. Their conduct shall be satisfactory in accord with the standards of good discipline.

The privilege of being on a team or in an organization carries with it the responsibility of good

citizenship, abiding by rules and regulations, and meeting the following responsibilities:

ELIGIBILITY STANDARDS

Athletes must attend 14 practice days before they can participate in a game.

Students must be creditable high school citizens.

Students must be enrolled in courses that offer 2.50 units of credit and must have earned 2.50 units of credit the preceding semester.

Students must have a 2.0 grade point average. Saint Paul also requires that a student have no "F's" on their grade card. Students believing that extenuating circumstances concerning their case should be considered, eligibility possibly granted, may request a review of the evidence as outlined in the student handbook.

Students cannot compete in any activity for more than four seasons or in any but the first eight semesters they are enrolled in high school, including special education.

Students must enter school within the first eleven days of the semester to be eligible to participate that semester.

Students must not accept an award for competing in any high school activity except the award given by your school.

High school students who reach their 19th birthday prior to July 1 will be ineligible for further competition the succeeding year.

During the activity season a student represents his/her school by competing in an interscholastic activity contest. They cannot compete as a member of a non-school team or as an individual participant in organized non-school competition in that same activity. This includes the intramural program at Saint Paul Lutheran High.

You must have a current physical examination on file in the school office. Current means after February 1 of the previous school year.

You must have a signed MSHSAA participation certificate form on file signed by you and your parents.

You must submit evidence of medical insurance that covers the student in case of injury.

Students are to maintain a 2.00 grade point average to be eligible to represent the school in activities. Students will be ineligible for the 2nd and 4th quarter if their 1st and 3rd quarter grades are below 2.00, or if they receive an "F" in any course. They will be ineligible for 1st and 3rd quarter if their 1st semester or 2nd semester grades are below 2.00, or if they receive an "F" in any course. A student must take and pass 2.5 units of credit the preceding semester to be eligible for the current semester. Any course work completed after the end of a semester cannot count toward the 2.5 units required by MSHSAA for eligibility.

A committee shall be comprised of the Principal, the coach or activity sponsor involved, the teacher of the subject, and the advisor. If there is any duplication of members, faculty members and/or the resident hall counselor will be used to complete the committee. The committee and the student, who is appealing, shall meet. This will take place one week after the student is declared ineligible. This provides a week long period for the student to take personal action to correct the difficulty. Concerns addressed shall be:

- What is the cause of the failure?
- Is the activity a helpful and growing experience for the student?
- What is best for the student involved?
- Is the student involved in making an effort?

A student may appeal his eligibility only twice during his/her high school career.

Based on these questions, the committee will vote. If there is a $\frac{3}{4}$ majority in favor of the appeal, the student will be eligible.

***235.0 Nonschool Competition

An athlete may compete in organized nonschool sponsored athletic competition under the following conditions. (Note: The following restrictions shall apply only to sports* in which MSHSAA member schools compete interscholastically.)

235.1 During the sport season a student represents his or her school by competing in an interscholastic athletic contest:

- A. He or she shall neither practice nor compete as a member of a nonschool team or as an individual participant in organized nonschool competition in that same sport.
 - 1. Definition of school sports season – a school sports season shall be defined as the period beginning with the date of the school’s first practice with any part of a sports squad held on or after the first allowable practice date for the MSHSAA sport season and ending with the school’s last contest, including district and state tournament contests, in that sport. EXCEPTION – For fall sports, the official school sports season shall begin as of the Tuesday following Labor Day or as of the date of the school’s first practice with any part of a sport squad held on a school day whichever occurs later.
 - 2. Definition of organized nonschool competition – Athletic competition shall be considered “organized” if any of the following conditions exist: Competition is scheduled and publicized in advance, official score is kept, individual or team standings are maintained, official timer or game officials are used, admission is charged, teams are regularly formed or team rosters are predetermined, squad members are dressed in team uniforms or a team is privately or commercially sponsored. Further, competition which is either directly or indirectly sponsored, promoted or administered by an individual, organization, or any other agency shall be considered organized.
 - 3. A student who joins a school sports squad for the first time must have abided by these restrictions beginning with the first day of the current season of the sport concerned.
- B. He or she may practice or compete as a member of a nonschool team or as an individual participant in organized nonschool competition in a different sport* than the

school sport in season under the following conditions:

1. No school time is missed to compete, practice for, or travel to the site of such nonschool competition unless the absence is approved in advance by the school administrator.
 2. The student shall not practice for or compete in the nonschool competition on the same date he or she practices or competes for the school team without approval of the school administrator.
- C. EXCEPTION – During the school sport season of swimming and diving, a student may, after fulfilling all requirements, practices and competitions of the school swimming and diving team, practice and/or compete as a member of a nonschool team or as an individual participant in an organized nonschool swimming and diving practice or competition under the conditions listed below.
1. Priority shall be given to all school team practices and competition. Should a nonschool practice/competition be in direct conflict with the school scheduled practice/competition the school practice/competition shall take priority. Prior approval by the school administrator may grant an exception to a student to participate in the nonschool swimming and diving program if in direct conflict with the school program.
 2. No school time shall be missed to compete, practice or travel to the site of such nonschool swimming and diving competition unless the absence is approved in advance by the school administrator.
 3. A school shall not replace its swimming or diving program with any nonschool swimming or diving program.
- 235.2 During any sport season a student is not a member of a school sport squad and during the summer vacation period, he or she may participate in nonschool competition in a sport* in which MSHSAA member schools compete interscholastically provided:
- A. If held during the school year, no school time is missed to compete, practice for, or travel to the site of the nonschool competition unless the absence is approved in advance by the school administrator.
 - B. No nonschool basketball, football, or volleyball team is comprised solely of members of the same school team or students who will be members of the same school team as other players on the nonschool team the next year. This restriction **does not apply during the summer months when school is not in session.**
 1. Nonschool teams which are nontraditional offerings of these sports shall not be restricted in team composition. The following are considered nontraditional: teams of three or fewer in basketball, seven or fewer in football, four or fewer in volleyball and coed volleyball.
 2. Any nonschool team in basketball, football and volleyball involving more players on the court or field than listed in 235.2-b-1 shall be considered traditional and must meet the requirements of 235.2-b.
 3. During the school sport season a student may not participate in any traditional or nontraditional nonschool offering of the sport concerned.
 - C. It is not an all-star contest as defined in By-Law 306.
 - D. If held during the school year but outside the designated school season for the sport, the participant shall receive no coaching from a member of the coaching staff of the school the student attends or will attend the following year. Editor's Note: During the summer months only, the participants in any sport may be coached by a member of the school coaching staff the participant has attended or will attend the next year.

- 235.2 An athlete may not compete in an All-Star contest, as defined in By-Law 306, and maintain his/her eligibility unless the following requirements are met:
- A. No student may participate in an All-Star contest during the school sport season for the sport concerned.
 - B. A senior who has completed his/her eligibility in an interscholastic sport shall be permitted to participate in no more than one All-Star event in that same sport during the school year.
 - C. A senior student participating in an All-Star contest shall not be permitted to miss an MSHSAA sponsored post season athletic event to travel to and from or participate in the All-Star event.
- 235.3 The Board of Directors may make an exception to provisions of sections 235.1 and 235.2 to permit a student to participate as an individual (not representing his or her school) without loss of interscholastic eligibility:
- A. As a member of a National team (and the actual, direct tryouts therefore), which is defined as one selected by the national governing body of the sport on a national qualification basis either through a defined selective process or actual tryouts for the purpose of international competition which requires the entries to officially represent their respective nations, although it is not necessary there be team scoring by nation; or
 - B. In an Olympic Development Program, which is defined as a training program or competition:
 1. Conducted or sponsored by the United States Olympic Committee (USOC); or
 2. Directly funded and conducted by the USOC member national governing body (NGB) on a national level (e.g. NGB national championship competition and the direct qualifications therefore); PROVIDED, HOWEVER, participation as described in a. and b. above may be an exception to the other provisions of By-Law 235 only if:
 - (a) The participation, if during the school year, is approved by the student's high school principal, and the MSHSAA is notified in writing by the principal at least 30 days prior to the start of the program; and
 - (b) The student makes prior arrangements to complete missed academic lessons, assignments and tests before the last day of classes of the credit grading period in which the student's absence occurs; and
 - (c) The student misses no MSHSAA sponsored postseason athletic event involving a team in that sport.

Editor's Note: As per 235.1-c Exemption, prior approval by the Board of Directors is not required for swimming and diving.

235.4 Student-athletes must provide their own transportation to participate in nonschool competition; schools shall not provide or arrange for transportation for their student athletes to participate in nonschool competition.

235.5 The penalty for violation of By-Law 235 shall be ineligibility for a period not to exceed 365 days in the sport in which the violation occurred. Students who participate in an all-star contest, as defined in By-Law Section 306, who do not meet the requirements in B-Law 235.3 are ineligible in the sport in which the violation occurred for 365 days from the date of the violation and for 90 school days from the date of violation in all other sports.

BOARD OF DIRECTORS NOTE: The restrictions included in this standard shall apply to the following sports – Baseball; Basketball; Cross Country; Field Hockey; Football; Golf; Gymnastics; Soccer; Softball; Swimming; Tennis; Track; Volleyball; Water Polo; and

Wrestling.***

You must have all non-school competition approved by your coach or the athletic director.

You must abide by the regulations of Saint Paul as written in the student handbook. Coaches may have stricter guidelines and will share them with the participants before the season.

A student suspended from an activity is not eligible to participate in any other activity program until that activity season is completed.

Students should maintain good citizenship in school, out of school, and on the team. Any student involved in inappropriate behavior in the community, will be required to attend a hearing at which time the question of eligibility will be determined. Any student arrested by law enforcement agents is subject to losing eligibility for all high school activities.

Any in-school or out-of-school suspension will prevent students from participating in practices or contests during the suspension. If excessive, the student will be removed from the team.

Students may participate on a school team and a non-school team in different activities during the same season; however, you may not practice for the non-school activity or participate in organized non-school activity competition on the same day that you practice with or participate for the school team without approval of the Athletic Director. This includes the intramural program at Saint Paul Lutheran High.

If a student transfers schools, he/she is ineligible for 365 days from the date of transfer unless there is a corresponding change of residence of the parents or unless they meet other exceptions to this rule.

A student who transfers for the first time to a boarding school and lives in a dormitory of the school may be eligible as soon as certified in accord with MSHSAA eligibility.

Foreign students that are full time boarding students are considered eligible at all levels of participation. Students not living in the dorm are not eligible under this provision.

PARTICIPATION

If a student misses class for more than ½ a day on the date of a contest or practice without being excused by the Principal, or comes to school after school begins, the individual shall not be considered eligible on that date to compete or practice. This includes illness.

Students who are excused from PE or have a medical excuse may not practice or play in a game or practice on that day.

Students who have an unexcused absence will not be able to represent the school that day at a contest or practice.

SAFETY OF SQUAD MEMBERS

When a student is injured, the school's Director of Health Services should be notified immediately.

If the emergency is serious, the emergency rescue squad should be contacted. The student should be taken or accompanied to the doctor's office or the hospital by the school's Director of Health Services.

Coaches must fill out a report form for the school's Director of Health Services about all injuries (major or minor) that occur during practice or contest. These should be filled out within 48 hours.

NON ATHLETIC INTERSCHOLASTIC USE OF THE GYM

A Saint Paul Lutheran High staff member must be present to open the gym, during the time the gym is used and must be the last person out to lock the door. OTHERWISE NO STUDENT(S) IS TO BE IN THE GYM!

During the time when a staff member is present, the student(s) may use only the room(s) specified by the staff member. In the weight room, THERE MUST ALWAYS BE TWO PEOPLE for safety considerations. The locker rooms usually should not be used.

Students are encouraged to bring a separate pair of gym shoes for use on the gym floor to help reduce dirt and wear on the floor.

Students are not to use any equipment, other than the weight room and that equipment which the faculty supervisor permits. Obviously, all equipment will be put back into the room and

order that it was found. PLEASE NOTE - Take the tension off the volleyball net after use, put away if outside of volleyball season.

There is a separate policy which is now in place to be followed for adults and students who are not from Saint Paul. Saint Paul Lutheran High staff is responsible for execution of this policy. YOU ARE TO ASK THE SAINT PAUL LUTHERAN HIGH STAFF SUPERVISOR BEFORE YOU EXTEND AN INVITATION.

Turn on only those lights needed. For instance, sometimes only half the lights need to be on. For evening use, only light #5 on each side.

Be sure all lights, including bathroom lights, are off before leaving.

Check ALL outside doors before leaving - be sure they are actually latched. All inside doors (gym, locker rooms, weight room) should also be locked.

ST. PAUL LUTHERAN HIGH SCHOOL CODE OF ETHICS

SCHOOL'S MISSION STATEMENT

CHRISTIAN ENVIRONMENT THAT EQUIPS STUDENTS FOR JOYFUL, FAITHFUL SERVICE
TO CHRIST AND HIS WORLD.**

As a student selected to represent St. Paul Lutheran High School, I will sincerely endeavor to contribute my best to the success of that program. Therefore, I agree to abide by the provisions of the following "Code of Ethical Behavior". I am also aware that if I do not live up to this agreement, I must accept the consequences, which may include dismissal from the activity in which I am participating.

I realize that if school policies are violated, the procedure and penalties of those policies may take precedence over or be in addition to those described in the following rules of conduct for participants. This policy is in effect from the first day of pre-season camp to the end of school or end of the official season, whichever is later.

- I. GENERAL STANDARDS OF CONDUCT
 - A. Student must meet all MSHSAA standards of scholarship, eligibility, school attendance, etc.
 2. Student must be a good citizen and demonstrate Christian behavior.

The purpose of the Code of Ethical Behavior is to allow the student the privilege and honor of being part of a team dedicated to serving our Savior Jesus Christ, to give the student an opportunity to become a better competitor, and to instill in each student the sense of responsibility for their conduct. We believe in glorifying God with our performance in and outside of competition.

I John 1:5-7

This is the message we have heard from him and declare to you: God is light; in him there is no darkness at all. If we claim to have fellowship with him yet walk in the darkness, we lie and do not live by the truth. But if we walk in the light, as he is in the light, we have fellowship with one another, and the blood of Jesus, his Son, purifies us from all sin.

****I ACKNOWLEDGE THAT I HAVE READ AND UNDERSTAND THE ABOVE. ALL DECISIONS BY THE ATHLETIC DIRECTOR REGARDING THE ADMINISTRATION OF THIS POLICY ARE FINAL.****
